Warum Äpfel und Birne auseinander haben

Die gute alte deutsche Bezeichnung für Figurtypen: Äpfelchen. Warum? Hier ist der Grund: Von Äpfeln haben wir mehrere, aber die meisten sind rundlich und haben eine dicke Mitte. Das ist genau das, was wir bei der Figurtypen-Unterscheidung brauchen. Die Äpfelchen haben eine dicke Mitte, die Birnen hingegen haben eine dünne Mitte. Das ist genau das, was wir bei der Figurtypen-Unterscheidung brauchen. Die Äpfelchen haben eine dicke Mitte, die Birnen hingegen haben eine dünne Mitte. Das ist genau das, was wir bei der Figurtypen-Unterscheidung brauchen.
